Any other important information to know about this animal is:

SERVICES PROVIDED: Spay/Neuter, Rabies Vaccine, Flea Treatment, and Ear Tip

Cost: \$60 per cat

EXTRA INFORMATION

Before the Surgery: It is required to bring your feral cat(s) in a TRAP for the day of surgery. If you need a trap, the SPCA can rent traps for \$25 each. It is recommended to keep the cat out of the elements once trapped, and the cat should be released when weather permits to ensure a successful recovery from surgery.

Day of Surgery: You and the cat(s) will need to arrive between **8am-8:30am** the day of surgery. No early or late entry will be accepted. **When you arrive, please park in the rear of the building and stay in your car. A staff member will come out to your car with the necessary paperwork to go over and sign.** Payment will be due at the time of drop off, **CASH or CREDIT/DEBIT CARD** only.

-You will leave a contact number that you can be reached at throughout the day. In case of an emergency, we will need to be able to get a hold of you. In the chance you do not pick up the phone, emergency decisions will have to be made by the clinic staff. It is important that you plan ahead for this.

-You will be given a scheduled pick-up time the day of surgery (ranging between 3pm-4pm). You will need to pick up the cat(s) at the scheduled time, no exceptions. If you do not pick up the feral cat(s) by the scheduled time, you **WILL** be charged a late fee (\$25/day). **During pickups, we will have you stay outside and we will bring your animal out to you.**

After the Surgery: You will be responsible for re-releasing the cat from where it came from after the procedure. By being the feral cat(s) caretaker, it is expected of you to monitor the cat for any strange behavior after surgery and to do your best to provide the feral cat with its basic necessities, such as food, water and shelter until it is back to complete health.

****I understand that applying for TNR does not guarantee my feral cats will be scheduled for surgery. You will be emailed if your application is accepted with the date and information for the clinic's scheduled TNR day and you will be required to confirm this reservation. ****
